Meeting you soon in Port-de-Bouc on October 22 and 23

As already announced, we will be attending the Regional Days of the *Cercle Généalogique du Midi-Provence* on October 22 and 23 in Port de Bouc, South of France. I thank Agnès AIRAUD, also a member of La Grande Famille, for the invitation!

Henri SCOTTO DI VETTIMO, Colette SERPAGGI and I will have the pleasure to welcome you at our stand during this weekend.

It will be a new opportunity to meet again, share a moment, answer your questions, ask for advice, get a book, a family tree, or a souvenir of the association, register your ancestor on the Wall of Migrants or renew for 2023!

We look forward to meeting you there.

Pascal SCOTTO DI VETTIMO

The Wall of Migrants Expands in Spring 2023!

The Wall of Migrants, overlooking the port of La Corricella in Procida, pays tribute to these men and women, to their courage and determination, to build a new destiny by emigrating to other countries. Their names are engraved on plaques and their individual stories are accessible online on the Digital Wall.

The third batch of plaques is being prepared to add a new series of ancestors to our monument. To take advantage of this new opportunity, log in to the digital Wall to get the registration form.

Go to www.murodeimigranti.com or flash this QR code.

Thank you for your support!

Inauguration of the Wall of Migrants – May 3, 2022

Publications

After the success of the first volume of this historical saga, by Florence GOSSON LUSETTI, the second volume of ADA is now available.

Note that 10 copies of volumes 1 and 2 will be available on our stand in Port-de-Bouc.

New in September: a book on the maritime links and challenges of the inhabitants of Procida with the Mediterranean Sea. La Grande Famille and its Wall of Migrants is rightly mentioned, memory of migration and attachment to our origins. I thank Claudio FOGU, a historian at the University of Santa Barbara in California, for this support.

This special issue of the *Revue Française de Généalogie* is dedicated to Algeria. You will find all the useful resources to find your ancestors.

La Grande Famille is also in the spotlight for the immense work done to digitize and index the maritime archives of Algeria, which make it possible to trace the maritime career of your fishing ancestors.
